This handbook, which forms part of this contract, has been designed to set out the key features and benefits of your Healthcare Plan and to clarify our position on some aspects

of your cover. It includes general terms, conditions, definitions and exclusions applicable to all members covered by one of our Healthcare Plans. Please note that all references to GIG, also apply to 'AXA Gulf' members as well.

Details of your personal cover are included in your membership statement and benefits table. If there is anything you would like to clarify further please call our Customer Service Team on the number shown on your membership card.

Please take a few moments to refresh your memory about the Healthcare Plan then relax and look forward to the highest standards of service from GIG. You can rest assured that, whatever the coming year brings, we'll be there to support you.

The insurer hereby confirms that the terms and conditions of this policy including its table of benefits are compliant with the applicable rules and regulations of the respective emirates where the policy has been issued.

What your health insurance cover is designed to do

As with all insurance policies

your Healthcare Plan is there to cover you for costs arising from an unforeseen event. For healthcare insurance this means the cost of eligible treatment resulting from an unexpected illness or accident.

You must take care of your own health and not only rely on healthcare professionals to do this for you. When something unfortunate does affect your health we will do our best to help you but we must always act within the limits of your policy.

This policy complies with the Executive Regulations of Law No 23 of 2005 of the Emirate of Abu Dhabi.

What our service team is there to do

It is the role of our Customer Service Team to assist you, wherever possible, within the terms and limits of your Healthcare Plan. If you need to call us you will find our number on the reverse of your membership card. For your reference it is:

UAE: 800 292

Qatar: 800 2921

Bahrain: 800 010 60

Oman: 800 702 92

Please see your membership card for details of your local

office in the AGCC where applicable.

Please take a note of this and keep it in a safe place where you can find it easily. Please have your membership card with you whenever you call our Customer Service Team. The information on your card will help them to deal with your enquiry as quickly as possible.

2 Important note about pre-existing conditions

Why it is important to tell us about pre-existing conditions

Pre-existing (including pre-existing chronic) conditions are those that a member already had/already knew about/should reasonably have known about or for which there were symptoms before the policy started.

Before you were accepted for cover you were given the opportunity to tell us about any pre-existing (including pre-existing chronic) conditions even if you only had symptoms.

Cover for such conditions and anything related to them is taken from pre-existing and chronic conditions benefit.

It is important that you have shared any information about such pre-existing conditions so that we can accurately assess and quickly pay your claims.

If you have not shared this information with us we may have to delay a pre-approval request or claim or may not be able to cover that undeclared condition at all.

The terms of your membership agreement will apply in any event.

3 In case of emergency

Emergency treatment

We know that in a real emergency you may not have time to contact us for pre-authorization or help with your case. In such circumstances we take a pragmatic approach, so, we ask you to contact us beforehand if you can and it is safe to do so without jeopardising your health. If it is not, and you need immediate treatment please make that your priority.

Do, however, ask somebody to contact us as soon as possible and make sure that, at the earliest opportunity, whoever is providing treatment is given your membership card and proof of identity so that they can contact us straight away. In any event, under these circumstances, our authorization must be sought and given before you are discharged from care otherwise you may be required to pay the entire cost of your treatment and submit a reimbursement claim to us for our consideration.

International Emergency Medical Assistance (I.E.M.A.)

If 'IEMA' is included in your benefits table you have access to International

Emergency Medical Assistance. This is a worldwide, 24 hours-a-day, 365 days-a-year emergency service providing evacuation or repatriation services. If you need immediate emergency in-patient treatment, where local facilities are unavailable or inadequate, a phone call to the Emergency Control Centre on: +971 4 507 4000 will alert the International Emergency Medical Assistance service. Please see the separate leaflet for full details. Please note that, for your own protection, calls may be recorded in case of subsequent query. Access to this service is provided by GIG Travel Insurance. Please note that entitlement to the evacuation service does not mean that the member's treatment following evacuation or repatriation will be eligible for benefit. Any such treatment will be subject to the terms and conditions of the member's plan.

4 How to get the best from your plan

Before you go for treatment

Teleconsultation

With this benefit you will have 24/7 access to Tele-consultation with doctors to assist on medical conditions, you can download the application or use toll-free number 800 63247 for the service.

Contacting us before receiving treatment

We require you to contact us before receiving any planned admission and some major outpatient treatment. This allows us to help you in a number of ways: by managing your admission and billing, by confirming to you and whoever is giving you treatment that your claim will be eligible, at what cost and for how long treatment is approved. In the unlikely event that there is any difference between our confirmed level of cover and what is requested by the hospital when you are discharged you must make arrangements to pay this before leaving hospital. If you do not contact us it is possible that you will have to pay for all or part of your treatment which has not been pre-approved or any part which is ineligible as your table of benefits.

When we pre-authorize cover we will confirm if;

- The planned treatment is eligible under your policy;
- The planned treatment is medically necessary;
- The planned treatment is provided to you for the appropriate duration in case of admission and at appropriate frequency in case of outpatient;
- The planned treatment is within the eligible costs for the services;
- The planned treatment costs falls within the remaining benefit limit of your plan.

Our agreement with you requires you to seek pre-authorization for the following treatment and services:

In-patient and daycare

- All inpatient and daycare admissions and extension of stay;
- All investigations including diagnostics and imaging;
- All surgery and similar procedures;

Out-patient

- Non-emergency MRI,

CT, PET and Gait; scans and internal diagnostics such as but not limited to endoscopy, colonoscopy, gastroscopy, etc;

- Physiotherapy services;
- Prescriptions for more than 1000 AED or equivalent and/or prescriptions for more than one month as well as all prescriptions involving medical devices and/or equipments;
- All out-patient dental services received on direct billing basis;
- Alternative and complimentary treatment;
- All psychiatric treatment
- Alternative and complimentary treatment.

If you do not obtain pre-authorization as required on page 6 it may prevent us from settling all or part of any claim which may not have been pre-approved or may not be eligible as per the terms of your plans. If we are obliged to pay for any item not covered by our confirmation we will have to recover that amount from you. In any event any cost that is not directly related to treatment will be borne by the member.

Pre-authorization before an admission may protect you from paying the bill

We try very hard to pre-authorize most treatment within few hours. However sometimes we need more information about the medical condition, the planned treatment or the medical practitioner. This can take a little time and delay the approval. This is particularly the case when you choose or are obliged to use a provider outside our network or one who is not recognized by us. When this happens you must pre-authorize your treatment at least 2 weeks for elective treatment outside network before admission and you must confirm with the provider that our written approval has been received before you undergo treatment. If it has not, you must contact us immediately.

We must be advised of any proposed treatment before treatment begins. If you do not allow us to manage your case, wherever treatment is received, you may be exposed to additional costs.

What we mean by 'recognized by us'

Around the world there are many highly trained and

skilled practitioners and organizations but there are also those who, while being able to demonstrate professional qualification, do not meet acceptable standards of care, experience and/or integrity. We do not 'recognize' those who do not meet our standards in this regard. Therefore if you choose to use an 'unrecognized' practitioner or provider we will not be able to settle your claim. It is very important that you check a practitioner or provider's recognition status with us before undergoing treatment to avoid any disputes in claims settlement/payment at a future date.

Decisions about your treatment

We do not decide whether the treatment you receive is given on an in-patient, daycare or outpatient basis. This is decided by the attending medical practitioner. We will not usually question this unless, in the opinion of our medical team, it would have been more appropriate for treatment to have been given differently. In the unlikely event of this happening we will ask for an explanation of why the particular method of treatment was chosen. We

recognize that there may have been a valid reason for the choice made by the medical practitioner. Our intention in questioning such matters is to be able to fairly and accurately assess any claim.

Reasonable and Customary Charges

All benefits and services submitted for reimbursement of claims shall be evaluated based on the Reasonable and Customary. GIG will pay the actual cost incurred or the Reasonable and Customary Rate against the service whichever is less and the level of reimbursement shall be decided based on the Network offered.

The following conditions would apply:

- i. Co-insurance/Deductible as applicable under the plan would be deducted wherever applicable from the eligible amount prior to reimbursement
- ii. Prescriptions for more than 1000 AED or equivalent and/or prescriptions for more than one month as well as all prescriptions involving medical devices and/or equipments.

iii. Benefits/Services not included in the list of Reasonable and Customary shall be dealt with on a case to case basis.

iv. The actual amount payable shall be based on the itemized bill submitted and the codes used per service by the Service Provider. Where itemized bill is not submitted and where service provided are without defined codes they would be assessed on a case to case basis.

v. The Reasonable and Customary rates factor shall be based on the country where Policy is issued and shall be applicable for treatments taken within the AGCC.

vi. Where no network exists or the treatment is not available within the network providers (for treatment in countries where the reasonable and customary rates are not available), GIG will base the calculation on the average cost of the treatment in that area or country; or the network in the principle country of residence.

vii. Special arrangements if

any would reflect in the Table of Benefits issued by GIG.

viii. Visiting Doctor: Who is not part of the applicable Network of the Policy. If the Treatment charges made by a Visiting medical practitioner (non-community doctors), are higher than reasonable and customary, GIG will reimburse the amount as per reasonable and customary network charges; and the excess will be borne by the member.

Second opinion

We can ask an independent medical practitioner to advise us about the medical fact relating to a claim or to examine the member concerned in connection with the claim. This is needed only very rarely and we use this right only where there is uncertainty as to the nature or extent of the medical condition and/or our liability under the policy.

If you need treatment abroad

If you need treatment abroad, you will need to call GIG on +971 4 507 4000 or one of the numbers shown on your

membership card.

If your medical practitioner recommends hospitalization or a major out-patient procedure then call one of the below telephone numbers to confirm that you are entitled to the benefit.

Any bills, together with your completed claim form, should be sent to:

The address of your GIG local office can be found on page 37.

While you are having treatment

Identifying yourself as a GIG member

We have negotiated advantageous terms with hospitals and practitioners around the world.

This is to your advantage as your benefits are eroded more slowly because treatment costs are usually lower than average. To make sure you are benefiting from this, prior to receiving treatment anywhere, you must identify yourself and your eligibility for discounts by showing your medical ID Card, together with a recognized official form of identification, such as a passport, to any provider to show that you are an insured member of a healthcare

policy. If you do not ensure that the provider recognizes your entitlement to our discounted services you may have to pay any difference between the invoice value and our negotiated price.

Any questions?

Although we have tried to include as much useful information in this handbook as possible if you have any questions about your cover then please direct these, either to your HR Department for company schemes or GIG for individual and family policies.

Details of how to contact us are shown on the introductory page.

Claim forms	You can visit our website at www.giggulf.ae to obtain a printable claim form if you need one. You must provide a completed claim form, signed by the medical practitioner and the member, for any visit whether this is to a practitioner, hospital, clinic, pharmacy, diagnostic centre or any other facility where medical services may be received.
Claim forms inside our direct-billing network	<p>When you register at a direct-billing network and identify yourself as a member you should be given a claim form. If not, please ask for one. It is your responsibility to ensure that this is fully completed and signed by you and the attending medical practitioner. The direct-billing network hospital will send the completed claim form to us.</p> <p>Outside the AGCC you will need to print a claim form from our website before receiving treatment and take it with you for the Medical Practitioner to complete and sign.</p>
Claim forms outside our direct-billing network	<p>If you are not being treated in a hospital listed in the direct billing network covered by your plan a different process applies.</p> <p>You must take a claim form with you (available from our website) and make sure it is filled in and signed by yourself and the medical practitioner treating you and sent back to us as quickly as possible, giving us all the information we request (Only original receipted invoices can be accepted with your claim). A fully completed claim form will ensure your claim will be processed promptly. An incomplete or unsigned claim form may delay settlement of your claim and in some cases may lead to the claim form being returned to you for completion. It may be necessary for us to obtain a medical report from the attending medical practitioner. If the medical practitioner does not respond quickly to such a request your claim may be delayed. We do not pay for medical reports. For treatment requiring our pre-authorisation such approval must be received from us, in writing, commencement of the treatment. A copy of that authorisation must be included in your subsequent claim.</p> <p>Please note that, for reimbursement claims, we will only consider claims made within 90 days of treatment being received. You can visit our website: https://giggulf.ae/en/business/healthcare to obtain a printable preauthorisation form if you need one.</p>
Where to send your claims	Any bills, together with your completed claim form, should be sent to: The address of your GIG local office can be found on page 37.

5 Understanding our position on certain medical conditions

Outside the Emirate of Abu Dhabi – Our position on chronic conditions first arising after you have been accepted for membership

We provide cover for such conditions up to the limit shown for the benefit in the Benefit Table applicable to your plan. This benefit is only available for treatment of chronic conditions for which first symptoms became apparent after the member was accepted by us for cover on a particular plan.

If there were any symptoms prior to inception of your policy these must have been declared to us, in good faith, in accordance with the previous section. Provided such a declaration was made and accepted by us treatment of the condition will be covered under the 'Pre-existing conditions' benefit shown for your plan.

Please note that the limit shown for this benefit under your plan applies for each member each year and is an aggregate one. Thus the level shown is for all such conditions collectively. Only recognized, proven and necessary treatment, prescribed by a medical practitioner, will be eligible for benefit.

Our position on cancer care

Within the Emirate of Abu Dhabi Oncology treatment and related eligible expenses, where applicable to a declared medical condition will be subject to the terms and limits applying to pre-existing and chronic conditions benefit. shown in the benefit table applicable to your plan.

Where oncology treatment and related eligible expenses apply to a medical condition arising after the date of acceptance of a member by us for cover under any plan, such costs will be payable out of the overall limits of the plan under which the member is covered at the time of first diagnosis of the condition. The maintenance phase of any treatment will fall under and be taken from pre-existing and chronic conditions benefit. Upgrades of plans will not be accepted for cancer care under any circumstances.

Our position on genetic testing

We do not pay for genetic tests even as part of health screening, nor for any counselling made necessary following genetic tests, when those tests are

undertaken to establish whether or not the member may be genetically disposed to the development of a medical condition in the future. This is because such tests are carried out for purposes of establishing whether a medical condition might develop and not for the identification of treatment of a medical condition. It follows that benefit cannot be paid for genetic testing or associated counseling carried out for such purposes.

Our position on psychiatric illness

Your policy covers treatment of psychiatric illness up to the level shown in the benefits table for your plan. The member being treated or any member of his/her immediate family must contact us to obtain our written approval of the treatment planned and the proposed cost before treatment begins.

Please note that the member will be required to pay 30% of any benefit we pay excluding pharmacy.

Within the Emirate of Abu Dhabi: the transient mental disorder and acute reaction to stress are covered up to the limit stated by Department of Health(DoH).

6 Administering your policy

What happens when you want to move to another plan

You can ask us to upgrade or downgrade your cover at any policy anniversary. Please tell us at least 30 days in advance so that we can be sure that any change takes effect from the renewal date. We will do our best to accommodate your request but we reserve the right to decline any request to amend your cover based on the evaluation of the member and the policy performance. In the case of a downgrade in cover new policy terms will apply immediately upon renewal. In any event, final acceptance of any amendment by us will only be made at the next renewal following such a request. Amendments cannot be made during the policy year under any circumstances. Any condition known about or that should reasonably be known about at the time of any amendment must be advised to us, in good faith, before the policy amendment takes effect.

What to do if you wish to add other members to your policy

If you want to add someone else to an existing policy we will send you the forms

to complete and you must give all the information we request.

You can ask to add family members to your policy at any time. Any newborn infant may be added to the mother's policy within 30 days of the moment of birth, with the child's cover being effective from the date of birth, provided the mother's cover is in force at the time of delivery.

If the mother is not covered by us at the time of delivery a newborn baby may only be added to the father's policy and be eligible for benefit from the date of birth. Please note if the request for addition is not received within 30 days from the date of birth, the coverage will be effective from the date of the application and not from the date of birth. If we do accept an additional member during the policy year we may add an administration fee to the pro rata premium charged.

The additional member's policy anniversary will be the same as that of the original policy however any waiting period applicable to a benefit under the policy will start from the date the additional member joins, however all additions shall be subject to Department of

Health (DoH) regulations.

Transferring to a policy that is not provided by GIG

If you are planning to change your principal country of residence (where you live for most of the year) you must tell us. You may transfer to an AXA PPP healthcare UK Plan (in the UK only) or International Health Plan, available at the time of transfer, with no additional medical underwriting exclusions. This can be done when you leave your principal country of residence and cancel your residence permit provided that:

- a) Such a plan is available and AXA PPP healthcare may legally provide it in the country to which you are going. You will need to meet any residence or other criteria required for us to be able to provide you with that plan in that country.
- b) You provide us with a fully completed and signed application form (both variants are obtainable from the AXA PPP healthcare website or your current insurer) to reach us within one month of the termination of your

local plan or of leaving the country, whichever is earlier. Please ask GIG for evidence of recent membership if you do not already have it in the form of your current or most recent membership statement.

- c) You have been a member of your current plan for a minimum of one year and have paid your premiums for that period.
- d) You accept the price offered by AXA PPP healthcare in the UK for the plan you have chosen.

This will be above the normally published rate for that plan and reflects the increased risks posed by such transfers.

Please note that we reserve the right to deny cover if we believe that the transfer is being requested just to obtain enhanced benefits for a condition about which you are or reasonably should be aware. You must, in good faith, declare any such conditions on your application form at the time of requesting a transfer.

In the first instance please contact the AXA PPP

International Sales Centre on +44 (0)1892 512345, if you are thinking about or actually wanting to make a transfer. You will need to give your approval for AXA to release your policy history. Transfer administration can be complicated so, by giving us as much notice as possible, you will help to ensure your new cover starts when it is needed.

Where AXA PPP healthcare is unable to provide continuous cover we will, with your permission, provide all possible details of your claims history with us to any company to which you are applying to help both you and they to make an informed decision about your transfer request. It will be the company to which you are applying that will agree with you, if cover can be provided, at what level that will be.

What happens if you wish to cancel your policy

You may cancel your policy at any time by giving us no less than 30 days notice in writing.

Bearing in mind that this is an annual contract we will not refund premiums if any claim, however small, by any member in the policy has

been made in the current policy year. The cancellation would be subject to the proof of cancellation of visa or proof of valid coverage elsewhere as mandated by DOH. In the event that we do agree to make a refund (and this will be at our sole discretion), we will only refund premiums on a pro-rata basis from the end of the Gregorian calendar month in which cancellation takes effect.

Note: We will charge an administrative charge of no less than 20% of the annual premium for any cancellation to which we agree. Please also note that no claim of any kind will be considered after notification by you and acceptance by us of any cancellation.

For group policies where the number of employees (absolute minimum six) determines eligibility for a discounted group premium we reserve the right to apply a minimum premium requirement reflecting that number of employees, in the event of deletion of one or more employees.

What happens if you wish to cancel a member

Cancellation of a member shall be entertained only

if supported by valid reasons and supporting documents to prove the same. GIG reserves the right to determine if the member can be allowed to be cancelled or not. If a request for cancellation for an employee/principal is received, then his/her dependants under the same policy shall automatically be canceled. No refund shall be permissible if any claim, however small is made by the concerned member being deleted – subject to evaluation of reasons for deletion. Refund if any admitted shall be considered only 90 days after the deletion date.

A family member from an individual policy shall not be allowed to be deleted unless there is proof that the member is no longer eligible for cover due to change in residency status for example.

Just as an employer cannot decide which employees to be offered cover under the Group cover and has to offer cover to all employees, similarly under an individual policy the principal needs to enroll all the dependants, if eligible and this would not be by choice.

Note: We will make an administrative charge of

no less than 20% of the annual premium for any cancellation to which we agree. Please also note that no claim of any kind will be considered after notification by you and acceptance by us of any cancellation.

For group policies where the number of employees (absolute minimum six) determines eligibility for a discounted group premium we reserve the right to apply a minimum premium requirement reflecting that number of employees, in the event of deletion of one or more employees.

1. This policy insures the members against the cost of necessary treatment carried out by a medical practitioner. However, we will pay only:
 - a) for charges actually incurred for items listed in your benefits table subject to the limits shown there. Note: if you incur costs in excess of the limits you will have to pay the difference;
 - b) for treatment of a medical condition which is commonly known to respond quickly to treatment. When the medical condition has been stabilized we may stop making payments. We reserve the right to determine when a medical condition has become chronic or recurrent in nature;
 - c) if the charges made by the medical practitioner, laboratory or other such medical service, are at the level customarily charged by medical practitioners
- generally for the services received. If necessary we can delay paying the claim until we are satisfied that the charges are appropriate. If the charges made by the medical practitioner, are higher than is customary we will only pay the amount which is, in our experience, customarily charged and the member will have to pay the rest;
- d) for treatment by a suitably qualified physiotherapist, chiropractor, osteopath, homeopath, acupuncturist recognised by us or for the services of a nurse if the plan covers it and then only as allowed by the benefits table;
- e) provided the costs are not for something excluded by the terms of this policy;
- f) for costs incurred during a period for which the premium has been paid;
- g) treatment of conditions that
- existed prior to inception of this plan/Scheme except where such treatment relates to a condition that has previously been excluded or subject to a moratorium by GIG or any previous insurer and such exclusion or moratorium has not expired; or as allowed for by your plan;
- h) the initial diagnosis and stabilization of a chronic condition (a medical condition that does not respond quickly to treatment or recurs) arising after policy inception.
- Stabilization means that, in the event of such a medical condition entering an acute phase (flaring-up), treatment to return the condition to a stable state will be covered.
- However we will not pay for routine, long term maintenance aimed at controlling and monitoring the condition once stabilized such as
- routine consultation and/or medications whether or not these are prescribed by a medical practitioner unless allowed for by the benefits table and accepted by us in writing;
- i) Prescriptions, being out-patient drugs and dressings as prescribed by a medical practitioner for the treatment of a medical condition covered by the member's policy provided that this cover is included in your plan.

Please note that we do not pay for standard toiletries such as, but not limited to, shampoos, soaps, tooth-pastes, contraceptives, proprietary headache and cold cures, vitamins (even if prescribed) etc. which may be bought over the counter, without prescription, at a local pharmacy nor do we pay for telephone calls or media services.

Please also note that we do not pay for minerals, herbal remedies and other dietary supplements except as part of your alternative therapy and only when we recognise these as legitimate treatments.

2. If treatment is received in United Arab Emirates, Saudi Arabia, Bahrain, Oman, or Qatar we will normally only make direct settlement payments for charges made by, or incurred in, a hospital listed in the hospital beds directory or your list of hospitals attached to this document (as defined in hospital and hospital bed, page 16). If it is medically necessary to use another hospital and we have specifically agreed, in writing, to its use before the treatment begins (and we will not unreasonably refuse to agree) we will try to arrange direct settlement facilities. Please be aware that some providers refuse to entertain such arrangements.

We will only pay the hospital accommodation charges associated with the treatment up to a reasonable level. i.e. the use of a single-bedded room with its own bathroom.

 6. We will not pay benefits for any treatment needed as a result of work related accident or injury where the cost of such treatment is normally recoverable under Workman's Compensation, G.O.S.I or similar Government Act prevailing at the time of injury or accident. 10 Making claims

Please refer to page 11 for details of how to make a claim.

1. Before we can consider a claim you must ensure that:
 - the member sends us a completed claim form as soon as they can and no later than 90 days from the date the treatment starts; and
 - we receive original invoices for treatment costs; and
 - the member promptly gives us all the information we request.
2. The member must tell us on the claim form if they think any of the cost can be claimed from anyone else or under another insurance policy or source (such as but not limited to Workman's Compensation or G.O.S.I or motor insurance policy). If so, then:
 - if another insurance policy is involved we will only pay our proper share; or
 - if benefits are claimed for treatment to a member whose injury or medical condition was caused by some other person (the "third party"), we will pay only those benefits the member can claim under the policy (unless these are covered by another insurance policy, when we will only pay our proper share of the benefits). However, in paying those benefits we obtain both through the terms of the policy and by law a right to recover the amount of those benefits from the third party. In this case the following shall apply:
 - i) you must tell us as quickly as possible that the injury or medical condition was caused by, or was the fault of, a third party. We will then send you a form on which the member can give us full written details.
 - ii) if you or the member is making a claim, or has not made (or refuses to make) a claim against the third party, you or the member must act in good faith and do all the things we shall require to ensure that monies are recovered from the third party and are repaid to us up to the amount of the benefits we have paid (and any interest). You will be asked to sign a written undertaking to this effect; and
 - iii) if you or the member do not repay to us monies recovered from the third party up to the amount of benefits (and any interest), we shall be entitled to recover the same from you and/or the member.
3. We can appoint and pay for an independent medical practitioner to advise us on the

medical issues relating to any claim. If required by us the independent medical practitioner will also medically examine the member making the claim and provide us with a report. The member must co-operate with the independent medical practitioner otherwise we will not pay the claim.

4. If a member makes a claim which is in any way dishonest:
 - we will not pay any benefits for that claim; and
 - if we have already paid benefits for that claim before we discovered the dishonesty we can recover those benefits from you (the member and/or the company); and
 - we can take any of the actions listed in paragraph 13.2.
5. Claim costs incurred in any currency other than United Arab Emirates Dirhams, Bahraini Dinars, Omani Riyals or Qatari Riyals will be converted using the closing mid-point

exchange rate published in the Financial Times Guide to World Currencies current when we assess the claim. If we agree, in writing in advance, to reimburse benefits to a member in a currency other than those above the exchange rate used will be as above.

Any exchange costs incurred will be payable by the member and will be subtracted from any payment made to the member in respect of such a claim.

6. GIG reserves the right not to entertain claims of any kind including reimbursement claims from the list of un-recognized providers included in the member's welcome pack at the latest renewal. Please note that this list is not exhaustive and is subject to amendment by GIG at any time. Members must follow pre-approval requirements at all times and should contact GIG before making a claim to ensure treatment is being given by a recognized practitioner or provider.

11 Joining, renewing and transferring

Please refer to GIG for details of how to change your policy.

1. We will tell you in writing the date your policy starts and any special terms which apply to it. We can refuse to give cover and will tell you if we do.
2. Your policy is for one year unless we have agreed something different with the company, where this policy applies to a group contract. At the end of that time, provided the plan you are on is still available, you or, where this policy applies to a group contract, the company can renew it on the terms and conditions applicable at that time. You will be bound by those terms.
3. Only those people described in the company agreement where this policy applies to a group contract can be members of this plan. All cover ends when you stop working for the company or if the company decides to end the cover.
4. If your cover under a company agreement comes to an end you

can apply to transfer to another plan.

5. Members of this policy who leave a company's group medical scheme may apply to GIG for an individual policy. In all such cases the member will be required to complete a new application form and make a full medical history declaration in respect of each and every person to be insured. The insurer reserves the right to apply any exclusion clauses and/or special terms it may deem necessary to any existing and/or pre-existing medical conditions at the date of application even if such conditions were previously covered under the company's group medical scheme subject to prevailing regulations. Please refer to page 13 if you wish to transfer to a policy that is not provided by GIG.
6. Renewal is continuation of cover by mutual acceptance and agreement to renewal terms offered. If there is any change in cover (i.e. benefits) or membership (i.e. addition or deletion) under the policy, GIG

reserves the right to reevaluate the risk and change the renewal terms offered as per new assessment. Based on evaluation GIG might decide to impose fresh waiting periods; restrictions on benefits or alter cover or change premiums offered.

When the terms of your policy might change

We do not intend to change the terms of your plan during the policy year however we can consider making changes with the renewal.

We will generally make adjustments only to reflect any past or foreseeable changes in medical practice or procedures and the type and frequency of claims made by all those of our members covered under the same plan as you.

The purpose of such changes will be to seek, as far as possible, to maintain substantially the same level and type of cover in place while ensuring that the plan remains affordable.

We may also change premiums if costs, taxation, regulations or benefit changes make this necessary.

GIG shall reserve the rights to price the change and recover the dues if the Law permits. We do reserve the right to apply underwriting terms to your policy at any time if a medical condition that should reasonably have been declared comes to our attention, a chronic condition manifests itself within an excluded period or a medical condition becomes chronic in nature during a policy year.

12 What we expect from you

1. You must make sure that whenever you are required to give us information all the information you give is true, accurate and complete. If it is not then we have the right to avoid the contract from the date of its commencement (void ab initio) or apply different terms of cover.
2. This policy is designed for people living in the United Arab Emirates, Kingdom of Bahrain, Sultanate of Oman and the State of Qatar. You must tell us if a member changes their principal country of residence even if they are staying in the same area. If you don't tell us we can refuse to pay benefits.
3. You (or the company, where this policy applies to a group contract) must pay your premium when it is due. We will decide the amount at the start of each year and tell you how much it is. You can pay it in the way you have agreed with us. As your policy runs for a year you must pay your premium for the whole year no matter how it is paid. If your premium payments are not up to date your policy will end.
4. You (the member or the company) must write and tell us if you change your address. You are acting on behalf of any member covered by your policy so we will send all correspondence about the policy to the company address or that of the member.
5. If there is a dispute between you and us we have a complaints procedure, set out on page 36, which the company or member must follow so that we can resolve it.

13 General

1. We can change all or any part of the policy including the benefits table or these terms, but only for the reasons shown in our handbook or Agreement, and the changes will only apply to you when you renew unless we are obliged by law to apply any change with immediate effect. We will give you reasonable notice of the changes and will send details of them to the address we have for the company or the member on our records.

The changes will take effect from when you renew or when applied by law even if, for any reason, any member does not receive details of them. GIG reserves the right to assess the additional premium for the change and recover the same in case of providing enhanced benefits as per changed Law.
2. If any member breaks any of the terms of the policy or makes, or attempts to make, any dishonest claim, we can:
 - refuse to make any payment; and
 - refuse to renew your policy; or
 - impose different terms to any cover we are prepared to provide; or
 - end your policy and all cover under it immediately.
3. This policy is governed by the law of the country in which it was issued being the United Arab Emirates, Kingdom of Bahrain, Sultanate of Oman or the State of Qatar. If the principal country of residence for the policyholder or, for a group contract, the company office administering the policy is in our records; in the the United Arab Emirates then Emirati law will apply; in the Kingdom of Bahrain then Bahraini law will apply; in the Sultanate of Oman then Omani law will apply; in the State of Qatar then Qatari law will apply; regardless of the location of any individual member at any time.
4. We do not pay for medical reports.
5. The terms of your policy cannot be changed nor claims authorization

given by any verbal communication between you and us. Any changes, approvals, or other statements relating to your policy must be confirmed, in writing, by us. We are not bound by any verbal commitment not confirmed by us in writing.

6. GIG may be required to apply legitimate international sanctions to this policy. In such a case GIG may be unable to meet its full obligations under the terms of this policy where to do so would render it subject to legal action under international or domestic law.
