Insurance for SMEs in the Industrial sector

- Simple and flexible multi-cover package
- Create your own protection
- Advanced payment in case of claim
- Competitive pricing

The industrial sector is the engine that drives a growing economy.

In the economic landscape, small and medium (SME) businesses like yours play a crucial part in the development of the economy. AXA fully understands the challenges and risks of your activity. This is why we are deeply committed to supporting you with world class insurance solutions.

At AXA we believe that every business is unique, that's why we provide bespoke solutions that match your specific needs.

Our Commitments

As SME experts, we know your business and aim to provide the best advice regarding risk management and regulations.

Over the last 3 decades, we have developed in-depth knowledge of industries in the region

- We understand the issues and obstacles you are facing
- We consult and advise to help the development of your company
- We will follow up the evolution of your company activity so you can always adapt your insurance to the changing environment.

Tailor made solutions for SMEs

This business insurance package has been designed for you

All covers are relevant for your activity and packaged together in order to address the core risks of your business.

Flexible selection of covers and limits, clear pricing

You can select and adjust the level of protection according to your needs and budget.

Easy to Manage

In one policy you cover your assets, your activity, your employees and your main liabilities.

Cost Savings

You get the advantage of the package; it is much more expensive to buy the covers separately.

AXA Claims Management

In case of a claim, you can get an advanced payment within 7 days (up to 50%) to ensure your business can continue. We are reliable, financially stable and we carefully select our service providers.

Overview of the product

This product is build for SME businesses of the industrial sector* such as:

- Computer and computer components
- Electronic manufacturing and assembly
- Light engineering works
- Food and Beverage factories
- Publishing and Printing
- ... and others

Product Features

In the manufacturing and industrial segments, issues can happen whether it is machinery breakdown, industry compliance, workplace hazards, or safety of your staff...

Business Secure will help you to keep your business running in case of a disaster.

Business Secure essential covers includes:

- Business Contents
- Employers Liability
- Workmen Compensation
- Public Liability

Optional covers for the industrial sector includes:

- Product Liability

What you need to know

Why should I go for a package product like Business Secure?

- It is simple: You need only 1 policy to cover your activity, your liabilities, your assets and your employees.
- It is flexible: You can select covers and limits in order to focus on the risks you want to avoid and the level of protection you need.
- It is affordable: You get the advantage of several covers being packaged together.

I own a printing company, should I take out Business Secure?

Yes, there is no better insurance solution than Business Secure for the industrial sector – providing you access to covers that are specifically designed for your industry.

How do I calculate my premium?

With AXA you can rest assured that you will have complete transparency and total flexibility to choose the cover you are most comfortable with.

The premium takes into account your industry, size of the company and location and is based on the covers selected.

When can I start my insurance?

The insurance will start after completion of the application form and acceptance of cover by AXA with the condition of payment of your premium.
